GREEKS HEAR A TALK IN FAVOR GOV. WILSON

THE ANAGENESSE ASSOCIATION HELD MEETING SUNDAY NIGHT AND WILL SUPPORT WILSON FOR PRESIDENT.

The Greek Anagenesse Association of Pensacola held a meeting Sunday night in the K. of P. hall, attended by about one hundred members and heard a talk in favor of Woodrow Wilson for president of the United States, after which they endorsed his candidacy for president of the United States practically unanimously and promised their vote and support.

The association was addressed by George Angello, one of the vice-presidents of the Escambia County Wilson Club, who is an enthusiastic Wilson supporter.

The Greeks of Pensacola constitute some of Escambia county's best citizens and their support of Woodrow Wilson and of the Wilson delegates will prove a large factor in the Wilson victory in this county on April 30.

E. Maloy, well known Chipley residents, were transacting business in Pensacola yesterday, stopping at the San Carlos while here.

J. H. Moffat, of Marianna, is spending a few days in Pensacola. He is here on business and is at the San Carlos.

H. C. Hurdock, of Tampa, is in Pensacola. He arrived yesterday and is a guest at the San Carlos.

A. W. Richardson, of Tallahassee, has been in the city for several days on business, making his headquarters at the San Carlos while here.

W. R. Capel, of Marianna, was in Pensacola yesterday. Mr. Capel has many friends in Pensacola who are always glad to see him.

THE BEST COOKS USE Blue Ribbon Flavoring Extracts. If you do any fancy or plain baking you will find Blue Ribbon Vanilla and Lemon will please you just a little better. "Best and takes less."

SECRETARY KNOX TO PAY VISIT TO NEW ORLEANS

By Associated Press. Washington, April 22.—Secretary Knox will represent President Taft at the celebration of the one hundredth anniversary of the admission of Louisiana to statehood at New Orleans, April 30. The battleships New Hampshire and Nebraska have been ordered to New Orleans.

A MOTHER'S CARE. A careful mother will not give her child a medicine without knowing it is pure, contains no opiates, and has healing and curative qualities. Such a medicine is Foley's Honey and Tar Compound for cough, whooping cough, bronchitis, and all affections of the throat, chest and lungs. Best and safest for children and grown persons. Contains no opiates. W. A. D'Alemberte.

MEMBERS GOOD ROADS COMMITTEE

Chairman Berry, of the good roads committee of the Pensacola Commercial Association, yesterday afternoon announced the appointment of the other members of this important committee, the object of which is to encourage and promote the building of good roads throughout Escambia county: F. C. Brent, John E. Stillman, T. A. Jennings and W. C. Barrineau. It has been suggested that the weather which has prevailed for the past several days has afforded a splendid opportunity for further experimenting with the split log drag, and it is probable that more experiments will be made in different sections of the county.

EXCITEMENT IS RAPIDLY SPREADING

New Root Juice Medicine Apparently Creating the Same Enthusiasm Here That It Has Elsewhere.

If one can judge by the crowds that are almost continually swarming to the V. F. Balkoom Drug Co. to investigate the new Root Juice medicine which is now being demonstrated there, this city is fast becoming as enthusiastic over this remarkable liquid as Atlanta and other places where its strange health giving properties have become known.

Reports still coming from Atlanta and other towns throughout the state say that persons who have suffered for years from indigestion, loss of appetite, gas on the stomach, belching, bloating, pains after meals as well as from backaches, weak kidneys, rheumatic pains, sore, stiff, swollen limbs and joints, nervousness and general weakness, claim to have received the most astonishing results from its use and that its healing, soothing and tonic action upon the stomach and kidneys can be noticed almost immediately.

Various other cities throughout the state are now reporting results from the use of the treatment and a most remarkable experience is related by Mr. Geo. W. McConnell, a well known citizen of Griffin, Ga., who says he was a victim of kidney and stomach trouble and rheumatism for ten years. Here is the story he told a correspondent: "I heard so much about this great new medicine and how people who used it were getting well, I thought I would try it. I admit I was skeptical and thought to myself I may as well throw this money away. Well I am now on my second bottle and I can now say I've changed my opinion about wasting my money for my trouble. It is just about all gone. I am gaining in flesh and weight and feel fine again. I consider that I have gotten more for this money than any I ever spent in my life."

SERVICES AT FIRST BAPTIST BEGAN SUNDAY

REV. L. W. WALKER PREACHED TWO INTERESTING SERMONS SUNDAY TO LARGE AND APPRECIATIVE CONGREGATIONS.

The special meetings at the First Baptist church opened Sunday morning despite threatening weather, with a larger attendance than could really have been expected. Rev. W. L. Walker began the series with a sermon on "God's Supremacy in Human Affairs," speaking simply and without effort of the part God had to take in all plans and especially in the salvation of man. Mr. J. A. Agnew sang the offertory, "The Holy City," and Mr. Woelzel, director of music for the meeting, sang a solo besides conducting the singing, which started well for such a morning. One young man united with the church. At night the house was nearly filled and correspondingly the enthusiasm, singing and sermon all ascended in the scale. The subject taken by Mr. Walker was "Practicing the Presence of God." He stressed the fact that there is no escape from the Divine because God is everywhere, and spoke of what a revolution it would make in one's life to get hold of that fact. "The man who is only honest because honesty is the best policy is not honest at all," he said. "God knows a man as he is; we only know him as he appears. And if we knew we would often say where we condemn." In speaking of the hard places in the Bible, for example, the sun still shining at Joshua's command, and the account of the sword of Gideon, he said: "Such doubt is derived from the attempt men make to create a God like themselves. Because men cannot do these things they say God cannot. The ant hill full of busy ants might flee from a man's foot as from a monster, or say of the man's watch many ridiculous things because they do not understand its mechanism, but the man would understand it and could crush it. There is more difference in distance between a man and God than between ants and a man."

With considerable wit he referred to the skeptic who refused to believe in the whole story, saying: "God could have made a steam room in it if He had wanted to. The real difficulty is not in believing in such miracles but in properly conceiving of an omnipotent God. If God created the heavens and

NEWBRO'S HERPICIDE

Did Not Disappoint.

Don't become discouraged simply because your hair falls and is thin, weak and wispy until you have tried Herpicide. "I first began to use Newbro's Herpicide three years ago, after a spell of fever, which caused me to become almost bald. Herpicide soon restored the quantity and natural color of my hair. I feel like I have a bottle of Herpicide in the house." Thus Mrs. Anna C. Layne, 821 Second Ave., Louisville, Ky., tells in her own words how she lost her hair and how she got it back. Mrs. Layne's experience has been duplicated a thousand times and can be repeated thousands more.

Newbro's Herpicide keeps the hair and scalp in a perfectly healthy condition. When the hair papilla has not been destroyed by the ravages of the dandruff germ, the hair will resume its suspended growth.

Newbro's Herpicide kills the dandruff germ and checks falling hair. The itching of the scalp stops almost instantly. Others imitate and make similar claims, but the original dandruff germ destroyer is Herpicide.

Applications of this wonderful remedy may be obtained at any good barber shop. Send one in postage or silver for sample and booklet to The Herpicide Co., Dept. R, Detroit, Mich. D'Alemberte's Pharmacy is special agent and guarantees one dollar size bottles.

the earth as the Bible says He did, He can make anything in it, or crush it. The same power that made the whale brought Lazarus from the grave." For three quarters of an hour he held a large audience that never stirred nor looked tired. Three united with the church. Mr. Woelzel did some good work in leading a chorus as well as in singing an effective solo.

In the early part of the service, as Mr. Walker came into the pulpit, the choir and congregation were singing "Nearer My God to Thee." Mr. Walker arose at the end and said: "That song has received additional importance since it was played by that stirring band during the recent international disaster which has bereaved so many hearts all over the world. One of the best friends I had in the world went down with that vessel, Dr. Stuart Holden, of London. Let us sing the piece again softly as our prayer for the sorrowing loved ones everywhere." The whole congregation took up the song in a most touching manner, singing it through softly. Dr. Walker knew Dr. Holden at Northfield where he was so well known as one of the chief speakers in the Moody summer school.

Both Mr. Walker and his singer accompanied the Young Peoples' Union in their regular jail service Sunday afternoon and as many visitors went in as there were prisoners. The prisoners sang some of their own songs and the service was an interesting and helpful one, nearly every man present asking prayers that he might be able to lead a better life and become a Christian.

Mr. Woelzel is with Mr. and Mrs. M. E. Wilson, 11 East Chase street. Both men are golf players and have brought their clubs with them hoping there would be opportunity to take recreation in this game. Both men are well adapted to their kind of work, being unusually sunny, light-hearted and attractive, particularly to the young.

The meetings will continue daily at 3 p. m. and at 7:30 p. m. It is needless to say that they will be well attended. The afternoon hour was arranged so the children could attend on the way from school if they cared to do so.

Malaria Causes Loss of Appetite. The Old Standard GROVE'S TASTELESS CHILL TONIC drives out malaria and builds up the system. For grown people and children.

THE BODY OF A SOLDIER IS FOUND IN BAY

PAPERS FOUND ON PERSON PROVED THAT MAN IS SERGEANT CROSSLIN OF FORT BARRACAS—BODY IS HELD AWAITING ADVICE OF RELATIVES.

Parties passing Palafox street slip Sunday morning discovered a dead body floating in the slip, which later proved to be that of Sergeant Richard Crosslin, of Fort Barrancas, who had evidently been dead for several days, the body being in a badly decomposed condition.

Coroner R. L. Nickelsen was notified soon after the body was found and ordered it removed to the undertaker's parlors of F. R. Pou, not deeming it necessary to empanel a jury to conduct an inquest. The body is still held at

the undertaking parlors awaiting a hearing from relatives in New Jersey, who have been notified, but from whom nothing had been heard up to 6 o'clock last evening.

Crosslin was transferred from Brookhaven, N. J., to Fort Barrancas in February. His body was identified by papers found in his pockets. He also had \$10 on his person when found.

No clue has been obtained as to the manner in which the soldier came to his death, although the foul play is not suspected.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibres and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S. S. S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S. S. S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

Electric Service AS A PROTECTION

A Practical Safeguard Against the Burglar and the Fire.

When a man wakes up in the middle of the night and hears a noise downstairs that he cannot understand, he thinks of burglars. It's not a pleasant thought, and it's a dangerous situation if the burglar is there, unless you can scare him off electrically.

If you can, you push a button beside your bed and every light in the house flashes on. Push another button and a big gong in the lower hall begins to ring as though there was a fire. No burglar's nerve can stand this combination.

And the other great hazard against which electric service offers practical protection is the danger of fire. Fine electricity for light and to operate all chafing dishes, percolators, baby bottles, warmers and cigar lighters, and keep matches and alcohol out of sight. It will decrease your fire risk to an insignificant minimum. If matches are only used to light the grate fire or the kitchen range. Electricity is safe. The reports and statistics of insurance companies prove that it is the least of all our common fire hazards.
